# Trading Insurance Explained

The markets can be unpredictable. Even the most experienced traders face periods of sudden volatility, unexpected turns, and drawdowns.

That's why we created **Trading Insurance policy**, a unique protection plan designed to safeguard your account **every month**.

INSURANCE

# How It Works

## How to Protect your Account

When trading, you can buy insurance protection. If the markets move against you, your insurance will cover your losses, giving you confidence to trade and recover.

## Choose Your Insurance

By choosing the premium that fits your trading and budget, you ensure every move comes with powerful protection against losses

# Choose Your Insurance Premium

Deposit the amount you want and get instant Forex Insurance coverage:

**10% Loss Protection:** Deposit \$1,000 to \$5,000

**15% Loss Protection:** Deposit \$5,001 to \$10,000

**20% Loss Protection:** Deposit \$10,001 +

GET TRADING  
INSURANCE

# Real-Life Example

If you deposit \$5,500 and the markets don't go your way, leaving you with a balance of just \$500. You've experienced a loss of \$5,000.

With **15% Insurance Protection**, you can claim a **\$750 Insurance Cash Payout**.
